Agile Scrum Master Cover Letter

46986 Thompson TrafficwayLake Lavadabury, AR 41221
Dear Sutton Fritsch,

I am excited to be applying for the position of agile scrum master. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for hands-on training, workshops, and coaching to teams in all aspects of Agile, Scrum, Kanban and continuous improvement: Self-organization, accountability, collaboration, iterative development, managing flow, limiting work in progress (wip), eliminating waste, etc.

Please consider my experience and qualifications for this position:

- Documented history of training in facilitation, coaching, influencing, conflict resolution and so on
- Expertise on scrum and knowledge of other agile methodologies such as XP, Kanban
- Knowledge of agile tools like TFS, Rally, version one, Jira
- Worked as Scrum Master for more than few sprints
- Has great track record of Software Product delivered, either in startup or corporate environments
- Software development background or similar is nice to have
- Experience with Software Development Life Cycle (SDLC) as an Agile Scrum Master
- Coach individuals in Agile Scrum methodology, processes and principles

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Dallas Mayer
