Dear Riley Stanton,

I would like to submit my application for the ab initio developer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for advanced support for all production failures as assigned and support and comply with all USPS problem management standards and processes.

Please consider my experience and qualifications for this position:

- Experience of reporting tool (Cognos or equivalent)
- Experience in Ab Inito & Big data Hadoop integration
- Good analytical and logical skills in writing SQLs, Stored Procedures and creating Marts/Views in Oracle
- A good end to end knowledge in ETL landscape
- Very strong ETL Concepts and hands-on experience on Ab Initio ETL Tool (Basic & Advanced)
- Hands on experience on data modeling with expertise on ERWin
- Strong background in software design, development and asset management
- Extensive hands-on experience in Ab Initio ETL toolset (Express>IT, EME, GDE, Query>IT)

Thank you for considering me to become a member of your team.

Sincerely,

Finley Jerde
