ABAP Programmer Cover Letter

739 Davis CausewayEast Elliot, UT 23618-7646

Dear Justice Bartell,

Please consider me for the ABAP programmer opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for end-to-end business process guidance and solution definition for the configuration and gap development on SAP solutions and related modules.

Please consider my experience and qualifications for this position:

- Should be familiar with Workflow and IDOC developments
- Good working experience in SAP HANA Platform, Code-to-Data paradigm and OData is preferred
- Functional knowledge in any area Procure to Pay, Order to Cash, Plan to Produce, Close to Report processes is preferred
- Hands on experience in development of BW-IP (Integrated Planning) objects
- HANA – Script based HANA Cal views and HANA procedures, consumed in BW virtual providers
- Excel Top sheets with VBA and Excel Functionalities
- Experience working with JavaScript and JS libraries like jQuery
- Hands on experience in development of BW-IP objects, Planning Levels, Functions (fox and ABAP), Filters, Sequences

Thank you for considering me to become a member of your team.

Sincerely,

Cameron Bode
