

ABAP Programmer Cover Letter

273 Lockman LakeLake Percy, MT 29718-1000

Dear Emerson Schuster,

Please consider me for the ABAP programmer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for on-call Production Support for logistics operations at multiple Distribution Center Warehouses and Troubleshoot critical elements of business application problems in all SAP modules along with interfaces elements like Idoc, EDI, and Webservices.

My experience is an excellent fit for the list of requirements in this job:

- Complex Analysis Office (AO) reports – AO Workbooks with multiple sheets, Top sheets with VBA, AO commands like SAP Getdata and Excel Functionalities
- ABAP – IP exit planning functions with OO ABAP, AMDP calls
- Experience with performance enhancements in AO reports, HANA procedures and IP/ABAP functions
- Work experience with ERP, SAP ABAP
- Cross-application technologies such as ALE/IDOCs, RFC/BAPI technology, LSMW and Workflow could be an advantage
- Experience in SAP standard functionality that includes ALE/IDOCs, BAPIs, RFCs, USER Exits, BADI, RF Console Programs, Reports, ALV, Smart forms, SAP Script, BDC, for applications to FI/CO modules could be an advantage
- RFC's and other SAP development tools
- Experience in designing and coding Custom ABAP solutions leveraging standard SAP functionality using latest SAP technology

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Casey Emard
