

Access Analyst Cover Letter

432 Langworth Orchard Haagport, NY 35408-9607

Dear Rory D'Amore,

In response to your job posting for access analyst, I am including this letter and my resume for your review.

In my previous role, I was responsible for leadership in infrastructure migration methodologies and techniques including mass application movements into the cloud including implementation of Azure within in large regulated enterprise environments.

Please consider my qualifications and experience:

- For Analysts, a minimum 12 months' experience in economic analysis or forecasting, preferably in an Australian context
- Previous experience in other consulting firms or specialist economic agencies within the Australian (such as Treasury or the Reserve Bank of Australia, or similar) or State Government (Premier & Cabinet, Treasury & Finance, State Development, ESCOSA) would be an advantage
- Solid modeling skills and working knowledge of the Microsoft Office suite of applications, especially in Excel
- Expertise in conducting complex modeling and data analytics
- Experience working with third party vendors on large opportunities
- Other modules can include bed board and transports within the hospital
- Would need to be onsite each week - if traveling consultant (Monday-Thursday)
- A flexible and collaborative approach

Thank you for taking your time to review my application.

Sincerely,

Shae Wilkinson
