

Access Analyst Cover Letter

987 Batz GreenBashirianmouth, WI 69829

Dear Finley Koss,

I submit this application to express my sincere interest in the access analyst position.

Previously, I was responsible for intermediate level system analysis, design, development, and implementation of IAM applications that will integrate systematically with databases, mainframe, server OS, AWS/Azure Cloud and SAAS endpoints.

Please consider my experience and qualifications for this position:

- Excellent PC skills with a strong emphasis on the Outlook suite of products
- Shared Services User Access supports the Care, Fraud and Collection departments with all new hire and line of business change access requests
- Role includes Administrative access for provisioning access/passwords for vendor applications for employees
- Excellent excel skills and should be comfortable with slicing and dicing the information to make meaningful metrics out of huge set of data
- Resilient Customer focus and strong analytical and reporting skills
- Good Communication skills and exhibit excellent professional ethics
- Capacity to deal with high volumes of activity and handling of issues during crisis or otherwise
- Experience in the pharmaceutical/biotech industry would be an advantage

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

River Harber
