Access Developer Cover Letter

162 Irmgard CirclesBaileyborough, GA 66072

Dear Azariah Doyle,

I would like to submit my application for the access developer opening. Please accept this letter and the attached resume.

Previously, I was responsible for consultation and recommendations for Data quality, standardization and/or interfaces during the design and ongoing care of master data and reference data.

Please consider my experience and qualifications for this position:

- Knowledge of investment management operations and trading execution solutions
- Python or Perl scripting experience (or equivalent)
- Team Player capable of developing industrial strength software components
- Knowledge of trading and market microstructure
- Will include hands-on experience with Oracle Identity Management suite
- OHS, WebLogic, and Oracle database
- J2EE (Java, JSP, JMS, Servlets, Web Services)
- Scripting, build tools (Python, ant, maven, gradle)

Thank you for your time and consideration.

Sincerely,

Riley Robel
