

Access Developer Cover Letter

998 Leonie Terrace
New Sheba, MN 22364

Dear Drew Gulgowski,

I would like to submit my application for the access developer opening. Please accept this letter and the attached resume.

Previously, I was responsible for on-call MS-Access and data analysis support to internal customers, and may have significant interaction with business users and IT analysts.

Please consider my qualifications and experience:

- Experience with Linux programming and debugging
- Knowledge of script languages (bash/python)
- Performance driven and having a proactive attitude
- Networking knowledge is highly appreciated
- Hands-on experience with Linux distributions, package managers and related tools
- Experience with coding process automation
- Broad base technology knowledge
- System integration (take data from point A & B, then add it to point C, then integrate it in Point D)

Thank you for considering me to become a member of your team.

Sincerely,

Reese Altenwerth
