Access Developer Cover Letter

7068 Okuneva CourseOtishaven, AK 34971-8731

Dear Parker Harris,

I am excited to be applying for the position of access developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for data, recommendations, and estimates for software component level project planning, and coordinates and participates in project management reviews and compliance audits.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with RAD or Agile techniques
- Web interface design
- Helpful to have basic data science experience
- Negotiation and diplomatic skills
- Working experience with .Net, VBA, Access and/ or C#
- Working experience in healthcare industry preferred
- Advanced level database programming experience with SQL/Transact-SQL in a relational database environment, including building queries, creating stored procedures, building and deploying SSIS packages, designing and working with tables, views & functions
- Prior experience with JavaScript, VBScript, PowerShell, .Net, ASP, HTML

Thank you for considering me to become a member of your team.

Sincerely,

Landry Cruickshank
