Access Developer Cover Letter

327 Danika SpringsEast Rene, TX 24420

Dear Phoenix Ward,

Please consider me for the access developer opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for technical direction and guidance on data quality activities and may assist in determining and defining data quality and data standards.

My experience is an excellent fit for the list of requirements in this job:

- Experience with City Utilities Billing (CIS) software platform
- Experience with Application Extender
- Experience with Identity and Access and Role Management applications (SailPoint IdentityIQ strongly preferred)
- Identity and Access Management integration experience with password vaulting (Cyberark preferred)
- Experience with SailPoint IdentityIQ is strongly preferred
- Experience with Cyberark is also preferred
- Utilize a combination of troubleshooting, technical, and communication skills to handle a mix of disparate tasks which includes project and software development work
- PHP, JavaScript, CSS, Sass, LESS, HTML5

Thank you for taking your time to review my application.

Sincerely,

Armani Jones
