Dear Cameron Morissette,

I am excited to be applying for the position of access management. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical guidance for effective implementation of Cryptographic and Application Integration Protocols (e.g., SAML, XML, Web Services, XACML, SSL, etc.).

My experience is an excellent fit for the list of requirements in this job:

- In-depth program/project management experienceIn-depth data management experience
- Experience in Windows 7 Enterprise and 10
- Intermediate knowledge of security, compliance and audit processes
- Data Analytics using R, Python or other languages
- Scripting language, , Perl or Python
- Entitlement management – ie
- Facilitate efforts to improve processes in the Access and Identity Management team
- Look for opportunities to automate processes and improve customer service

Thank you for considering me to become a member of your team.

Sincerely,

Spencer Ziemann
