

Access Management Cover Letter

78732 Brigitte PassPort Brande, TX 66857

Dear Frankie Kertzmann,

In response to your job posting for access management, I am including this letter and my resume for your review.

In the previous role, I was responsible for support to internal and external customers who utilize the Enterprise Access Management – Army (EAMS-A) authentication services; including Single Sign-On, ADFS-federation, SAML, and LDAP PKI.

Please consider my experience and qualifications for this position:

- Establish service targets for Access and Identity Management services and requests
- Active Directory Enterprise Administration experience
- Active Directory process automation (VBS and PowerShell scripting)
- Supervisory experience of an Access Management team
- This includes defining the platform supporting the initial delivery and charting a clear course for extending that initial solution to meet evolving business needs over time
- Is able to work collaboratively with others on significant issues and in making decisions
- Strong knowledge of and experience with Active Directory
- Strong aptitude for computers and business applications

I really appreciate you taking the time to review my application for the position of access management.

Sincerely,

Riley Koepp
