

Account Services Manager Cover Letter

8266 Marleen WellAdolphtown, WI 32329

Dear Skyler Hickle,

I submit this application to express my sincere interest in the account services manager position.

In my previous role, I was responsible for infrastructure and security design support and installation/setup/upgrade services of UiPath and resold products (on-premise, private/public cloud or hybrid) across Asia Pacific.

Please consider my experience and qualifications for this position:

- Copier/fax/FedEx and postage machine knowledge
- Knowledgeable of postal regulations and mailing procedures
- Strong written and verbal communication skills, including excellent presentation skills
- Possess an understanding of business, finance, engineering and technical concepts
- Good knowledge of Excel is important
- Actively seek solutions to customer needs, communicate trends to leadership, and suggest innovative solutions on behalf of the customer experience
- Provide feedback to HR Services leaders to drive a consistent and high-quality level of support
- Identify and evaluate trends related to defects and service delivery gaps

Thank you for your time and consideration.

Sincerely,

Rowan Bernier
