

Account Services Manager Cover Letter

52214 Wintheiser ParkwaysMargomouth, ND 60167

Dear Shiloh Hessel,

In response to your job posting for account services manager, I am including this letter and my resume for your review.

Previously, I was responsible for advanced technical consulting and advice to proposal effort and solution design for a private, public or hybrid cloud.

Please consider my experience and qualifications for this position:

- Maintain timely and accurate customer information for assigned customer base
- Maintain overall account management and ownership of assigned EMS customer base
- Champion and adhere to best practice implementation methodology
- Champion and present the "benefits of cloud" in the pre-sales environment
- Manage proper escalation protocols
- Strong communicator, with experience working with IT executives
- Excellent communication, project and stakeholder management skills, with a focus on translating business requirements into technology solutions
- Travel will be an essential component of the role

Thank you for considering me to become a member of your team.

Sincerely,

Finley Weimann
