

# Accounting Control Cover Letter

2661 Lee WellsSchuppestad, MA 98414

**Dear Ryan Larson,**

I submit this application to express my sincere interest in the accounting control position.

Previously, I was responsible for strategic direction to implement enterprise Cost Accounting systems to support various cost capture efforts across business functions and portfolios.

Please consider my qualifications and experience:

- Utilize an advanced knowledge of key internal control concepts to create, update, standardize and improve documentation of business processes and internal controls
- Implement global policies within the DCs that have been established by the Global DS2P team
- Good understanding of SAP, specifically in General Ledger accounting
- Previous experience of working within an accounting function
- Strong relationships with stakeholders
- Excellent customer service skills showing attention to detail and customer focus, actively seeks to understand client's needs and priorities
- Takes a strategic view on advising clients, proactively identifying solutions
- Promotes mentoring and coaching and can realise the potential of others

**Thank you for considering me to become a member of your team.**

Sincerely,

Landry Bergnaum
