

Accounting Control Cover Letter

433 Weber SpursLake Miquel, CA 96023-7553

Dear Casey Volkman,

I submit this application to express my sincere interest in the accounting control position.

In the previous role, I was responsible for the vision and manage the design of Finance IT systems developments for UK, US and Asian Trading to meet data processing, management information, reporting and control requirements and oversee the teams in specification writing, implementation & testing within the various book and accounting systems.

Please consider my experience and qualifications for this position:

- Strong communication skills, both written and verbal, to convey and simplify complex issues for finance and non-finance staff at all levels
- Able to quickly identify issues, consider options & make recommendations
- Able to manage competing priorities and work to tight deadlines
- Strong analytical and data modelling experience
- Able to build networks to enhance effectiveness and share knowledge
- Awareness of the renewables sector is desirable, but not essential
- Requires strong computer skills including Excel
- Actively seeks new ways to grow and be challenged using both formal & informal channels of development

I really appreciate you taking the time to review my application for the position of accounting control.

Sincerely,

Zion Luettgen
