**Dear Oakley Hahn,**

I submit this application to express my sincere interest in the accounting control position.

In my previous role, I was responsible for timely, high quality client service that meets or exceeds client expectations including coordinating the auditing of all required financial statements, related disclosures, and other client deliverables.

Please consider my experience and qualifications for this position:

- Good knowledge of SAP strongly preferred
- Experience with identifying and applying complex accounting treatment to business arrangements
- Experience with leading teams through transformational initiatives, process improvements, or shared services capabilities
- Experience with setting and delivering on organizational strategies
- Experience with SAP and/or Warehouse Management Systems
- Demonstrated command and application of US GAAP technical accounting concepts
- Successful experience operating in matrixed environment in large multinational corporation
- PC proficiency, specifically advanced in MS Excel

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Avery Carter
