

Actuarial Associate Cover Letter

33731 Fahey Pass Schillerland, UT 76043

Dear Casey Windler,

Please consider me for the actuarial associate opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for technical support on loss reserving, analytics, ratemaking, and modeling for commercial lines, personal lines, and reinsurance projects.

My experience is an excellent fit for the list of requirements in this job:

- Participate in client meetings, to understand client's needs, share our view of results and jointly steer the business together with our client partners
- Reviewing and approving within given authority group quotes our clients refer to us
- Assist in identifying and driving risk management interventions that will help our clients to limit the increase in cost of healthcare expenditure
- Knowledge of fixed Income securities such as corporate bonds, mortgage backed securities, mortgage derivatives, asset backed securities and commercial mortgages will be an added advantage
- Advanced computer skills, Excel, Access, Visual Basic, Risk Agility
- Lead, plan, manage and deliver specific broad and/or complex tasks and projects in a pro-active, timely and accurate manner, providing insights and recommendations
- Research and build complex models for specific tasks for reserving or for other uses, ensuring that these use appropriate techniques and are effective, efficient, high quality, documented and verifiable
- Interact effectively with peers in other areas of the business to help communicate the work carried out by Corporate Actuarial, and to build individual knowledge of wider company processes

I really appreciate you taking the time to review my application for the position of actuarial associate.

Drew Wolf
