

# Associate Product Manager Cover Letter

158 Leonel Isle East Rossville, VT 16526

**Dear Haven Kling,**

I submit this application to express my sincere interest in the associate product manager position.

In my previous role, I was responsible for market analysis and business performance data that shows product is meeting market needs.

My experience is an excellent fit for the list of requirements in this job:

- Basic understanding of electrical basics such as voltage and current
- Interested, knowledgeable, articulate and motivated by hi-tech market
- Experience working internationally and across functional areas, departments or business units
- Able to read/write and speak Chinese / Mandarin
- Demonstrated skills in developing hypotheses, analyzing and synthesizing data, drawing conclusions, and developing actionable recommendations
- Intermediate to advanced skills with MS Excel, Access, PowerPoint
- Passion for consumer electronics and/or technology
- No direct report responsibilities

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Lennox Mann
