

Associate Product Manager Cover Letter

817 Dion Valleys Jerroldland, MI 85207-2063

Dear Skyler Simonis,

I submit this application to express my sincere interest in the associate product manager position.

In my previous role, I was responsible for technical support to sales and marketing, market development team to promote ABBs telecommunication solutions / product portfolio to the targeted market segments.

Please consider my experience and qualifications for this position:

- Strong customer service practices
- Familiarity with team-based software development concepts that drive to iterative launches
- Leadership skills and enjoyment of collaborative teamwork
- Shows intellectual curiosity and possesses an appreciation for thinking outside box
- Possess technical knowledge of Cyber Security technologies such as Checkpoint, Palo Alto Networks, McAfee, Symantec
- Familiarity with DDOS, Web Application Security and Managed Security Services would be advantageous
- Able to develop comprehensive and concise management reports
- Possess experience in Financial Management and Process Management

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Onyx Dooley
