Associate Software Engineer Cover Letter

8768 Bahringer CornersPatrickland, SD 77390

Dear Charlie Renner,

I submit this application to express my sincere interest in the associate software engineer position.

In the previous role, I was responsible for extensive knowledge and expertise with Java coding language.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Develop core versions of software applications for sale to external clients
- Core Java and Multi-threading
- Understanding of UI Components like HTML, CSS
- Exposure to Server side programing
- Strong experience with SQL databases, esp
- Understanding of Java 8 (Lambda Programming)
- Frameworks like Spring/Spring boot
- Exposure to UI frameworks like Ext.js and Angular.js

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Finley Hilpert
