

Associate Software Engineer Cover Letter

99468 Lashanda DaleJonesshire, AK 23413

Dear Riley Mohr,

I am excited to be applying for the position of associate software engineer. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for guidance & coaching for Java competency to the engineers on scrum teams.

Please consider my qualifications and experience:

- Exposure to programming using Python or C
- Exposure to CI frameworks and tools
- Familiarity with Object Oriented Programming, PHP, HTML, Ajax, SQL server, and Web Services
- Familiarity with Internet standards
- Be the primary interface with project leads and System Engineers for software architecture decisions
- Own multiple software engineering lifecycle activities, to include requirements analysis, object oriented analysis & design (OOD), implementation, unit testing, integration testing, and delivery
- Support development of complex internal and external system interfaces
- A close working relationship with our users

Thank you for taking your time to review my application.

Sincerely,

Rory Lemke
