Dear Shae Padberg,

Please consider me for the associate opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for expertise in technology control practices: information risk management, IT control policies, etc.

My experience is an excellent fit for the list of requirements in this job:

- Manage and execute the rating process from engagement to rating assignment with limited supervision
- Attend meetings and interact with senior management of assets and sponsors to obtain information upon which to base credit rating decisions
- Participate actively in publishing, seminars, and other external activities
- University graduate with relevant post-graduate qualification
- Good understanding of the role of a modern rating agency is preferable
- Have proven experience with credit and cash flow modelling methodology
- Highly developed communication and influencing skills (oral, written and presentation)

Thank you for considering me to become a member of your team.

Sincerely,

Shae Collier
