

Financial Systems Analyst Cover Letter

709 Misti Spurs Monahanshire, KY 90752

Dear Lennon Zemplak,

Please consider me for the financial systems analyst opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for functional and empirical analysis related to the design, development, and implementation of hardware and software systems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with TM1/Cognos
- MS Excel macro scripting experience
- Proficiency integrating BI tools with Microsoft SharePoint, for display in portal
- Understanding of Financial planning and budgeting processes, including but not limited to understanding of financial statements, compensation, benefits, currency translation and revaluation, and double entry accounting
- Experience working closely with Financial Planning and Analysis organizations
- Hands on experience working as part of a matrixed agile development team
- Experience with MS Analysis Services
- Experience with Data modeling, management, and visualization

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Lennon Strosin
