Incident Analyst Cover Letter

773 Hilpert BranchNorth Omar, IN 83891-8671

Dear Reese Kuhic,

I would like to submit my application for the incident analyst opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for network intrusion detection expertise to support timely and effective decision making of when to declare an incident.

My experience is an excellent fit for the list of requirements in this job:

- Familiarity with C, C++, Python , Java and similar programming languages
- Operating system installation, patching and configuration
- Backup and archiving technologies
- EDiscovery tools (NUIX, Relativity, Clearwell)
- Forensic software applications
- Data processing skills in electronic disclosure environments
- Evidence handling procedures and ACPO guidelines
- Knowledge of the latest attack trends, tools and the threat landscape

I really appreciate you taking the time to review my application for the position of incident analyst.

Sincerely,

Sam Bayer
