Dear Max Runte,

In response to your job posting for .NET architect, I am including this letter and my resume for your review.

In the previous role, I was responsible for oversight of conceptual designs and promote enterprise architecture governance (e.g., principles, policies, standards, future-state reference architectures).

Please consider my qualifications and experience:

- Understanding of communications technologies and protocols valuable
- Understanding of web-based interfaces and databases valuable
- Fluency in Portuguese is valuable
- Passion to program in demanding and dynamic environment
- Extensive exposure to design
- Knowledge of Media & Entertainment domain
- Track record of working directly with the customer
- Practical experience with full life cycle of software development processes like Rational Unified Process (RUP) or "Waterfall", Agile (SCRUM, XP)

Thank you for your time and consideration.

Sincerely,

Landry Walsh
