.NET Engineer Cover Letter

9291 Harry RadialWintheisertown, MN 29696-4263

Dear Alexis Stamm,

Please consider me for the .NET engineer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical expertise in the areas of system design, installation, configuration, tuning, capacity planning, troubleshooting, and problem resolution.

Please consider my qualifications and experience:

- Creation of technical models and documentation
- Experience working with EMC Documentum or other industry standard CMS
- Experience working with Search Engines like Endecca, Solr or Lucene
- Very good understanding of XML/XSLT
- Knowledge and/or experience with .Net development, SharePoint, RDBMS, MS SQL Server/T-SQL, Informatica PowerCenter/Cloud tools
- Level environments
- Very strong in Object Oriented Design and Programming (OOP & OOD)
- Very strong with C#, .NET and ASP.NET framework

I really appreciate you taking the time to review my application for the position of .NET engineer.

Sincerely,

Blake Koepp
