

# **.NET Lead Cover Letter**

58764 Kuhic SquaresPort Bettie, MN 13668

**Dear Jordan Donnelly,**

I am excited to be applying for the position of .NET lead. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for financial data & analysis to influence/support strategic decisions and meet PN SC business and financial goals.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Initiates and provides leadership, strategic/tactical direction and planning input on all information technology and client/business area issues and in the development of and technology environment which meets current and anticipated business requirements and objectives
- Proven expertise in .NET, Cognos, Autosys, SQL - PL/SQL, UNIX
- Deliver well-structured, high-quality code
- Own the clockwork documentation and ensure that an yearly review is carried out with the Business Owner and clockwork assessment is taken and completed on an yearly basis
- Strong experience working in web based applications using ASP.NET and C# Programming
- Experience working in one of the ORM tools like N-Hibernate, Fluent N-Hibernate or MS Entity Framework
- Lead design reviews and code reviews as part of a structured software development lifecycle
- Undertake analysis and design of enhancements requests and deliver changes to production applications

**Thank you in advance for taking the time to read my cover letter and to review my resume.**
