

.NET Lead Cover Letter

29172 Kutch ParksWest Janella, SC 51987

Dear Lennox Rowe,

Please consider me for the .NET lead opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for leadership for Mill operations and the Consumer Products Business through development of insightful financial analysis.

My experience is an excellent fit for the list of requirements in this job:

- Review and improve current UI standards adopted across system
- Implement quality deliverables through coding, reviews and guidance
- Assume front to back responsibility across the UI technical stack of the application and become the "go-to" authority
- Develop UI components as part of broader deliverables
- Experience with managing a development team, leading code reviews, mitigating reported issues and system defects, overseeing configuration management and deployment processes, and implementing best software management practices
- Experience with leading projects, allocating and managing resources, and managing the work of staff
- Work experience demonstrating the realization, deployment and maintenance of complex web systems
- Highly proficient in Microsoft technologies (C #, .NET, .NET Core, MVC, IIS)

Thank you for your time and consideration.

Sincerely,

Azariah Conn
