

# **.NET Software Engineer Cover Letter**

55173 Claire LoafTrompberg, ME 01146

**Dear Ari Heller,**

I would like to submit my application for the .NET software engineer opening. Please accept this letter and the attached resume.

Previously, I was responsible for subject Matter Expertise within the Web Application Group and to QA, Production, and Performance Engineering Teams.

My experience is an excellent fit for the list of requirements in this job:

- Knowledge of open source tools, such as Git and/or Bitbucket
- Knowledge of the software development life cycle (SDLC) and/or the Agile methodology
- Strong oral and written communication skills to effectively communicate with other team members and other IT teams
- Net and Object Oriented programming experience including .Net 2.0/3.0/3.5 Framework and C#
- Next and SQL Server experience
- Experience building ASP.NET applications
- Understanding of IIS/Webservice/XML/XSL
- Expertise with modern .NET concurrency technologies

**Thank you for considering me to become a member of your team.**

Sincerely,

Bellamy Wuckert
