.NET Software Engineer Cover Letter

77455 Lind SpurOzziechester, FL 71635-3562

Dear Story Okuneva,

In response to your job posting for .NET software engineer, I am including this letter and my resume for your review.

In my previous role, I was responsible for a rich API for various clients on the Web, as well as for internal dashboards and monitoring tools.

Please consider my experience and qualifications for this position:

- Understands Internet technologies and user Interface design methodologies
- Knowledge in Performance Tuning in Microsoft SQL server
- Knowledge in Relational Database design will be an added advantage
- Knowledge in .Net WCF & WEB API
- Certification on MSSQL will be an added advantage
- SQL Server Knowledge is mandatory
- Utilize .Net development skills to create custom web applications from scratch
- Strong JavaScript web development skills, preferably with Angular.JS

I really appreciate you taking the time to review my application for the position of .NET software engineer.

Sincerely,

Emery Kling
