.NET Software Engineer Cover Letter

89980 Simonis BurgsZiemeton, NM 81832-3766

Dear Blake Jenkins,

I would like to submit my application for the .NET software engineer opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for solutions designs to drive modular integration of supply chain capabilities into a holistic web based application.

Please consider my qualifications and experience:

- Thorough knowledge of networking protocols and communication technologies
- Able to work under pressure, fast in adapting to new procedures and working practices of a dynamic and international environment
- Multi-threading (good understanding of concurrency, locks etc)
- Basic understanding of an enterprise messaging server (ActiveMQ is the one in use)
- Strong object-oriented software engineering skills
- N-tier Architecture, software design patterns and proficient in XHTML, CSS and JavaScript
- XML / XSLT and WCF Web Services
- Strong analytical skills, interpersonal skills

Thank you for considering me to become a member of your team.

Sincerely,

Corey Flatley
