

Product Manager Cover Letter

4391 Lehner GatewayCedrickton, IN 70177

Dear Blake Keebler,

In response to your job posting for product manager, I am including this letter and my resume for your review.

In my previous role, I was responsible for quantitative and qualitative data on the product issues back to management and product development in order to influence future product releases.

Please consider my experience and qualifications for this position:

- Excellent people management skills, with an intense focus on the firm's culture and values
- Develops and supports the implementation of a Copper pricing strategy
- Coordinates the product line's product team and follows up the KPI's
- Good strategic thinking, strong analytical skills
- Strong learning "on the fly" capabilities
- Strong team player, "natural" team leader
- Knowledge of product and marketing management financial components and budget processes
- Proficient Microsoft Office skills (Outlook, Excel, PowerPoint and Word)

Thank you for considering me to become a member of your team.

Sincerely,

Jordan Marquardt
