

Research Analyst Cover Letter

322 Leo Corners Williamburgh, MN 19408-9251

Dear Campbell Cassin,

I would like to submit my application for the research analyst opening. Please accept this letter and the attached resume.

Previously, I was responsible for colony management services, e.g., maintaining Excel database, setting up breeding, ear-tagging, genotyping, and weaning.

Please consider my qualifications and experience:

- Strong logic and an understanding of economics
- Understanding of statistical calculations
- Preferable with experience in TV audience measurement research
- Familiarity with multiple research methodologies (qualitative and quantitative)
- Proficiency with Microsoft Office tools, particularly Excel, including expertise with pivot tables, logic statements to manipulate and analyse data and macros
- Proficiency in other statistical analytical tools like Tableau an advantage
- A positive attitude and with a drive to achieve results
- An MBA and/or a CFA charter holder preferred

I really appreciate you taking the time to review my application for the position of research analyst.

Sincerely,

Story Bahringer
