

# Research Analyst Cover Letter

148 Roderick Highway  
Brittany, UT 84302

**Dear Emery Kessler,**

I would like to submit my application for the research analyst opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for an Excel or Power BI file to summarize all essential information around CO2 storage cost and final estimated costs.

Please consider my experience and qualifications for this position:

- Experience with patent data or familiarity with the patent process (preferred)
- Excellent command of SQL, VBA, Access and Excel
- Understand the Anaqua data warehouse schema and become proficient in extracting data from it via SQL
- Demonstrate passion for analysis through work experience, internship or academic work
- Strong attention to detail and critical thinker
- The work environment will be a standard office environment
- Experience with Microsoft Word and Excel, particularly with experience in building excel models
- Right to live and work in Hong Kong

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Cameron Hoeger
