

Senior Manager, Technology Cover Letter

86671 Abbott Landing North Wesleyhaven, MS 99817-5146

Dear Onyx Rath,

I am excited to be applying for the position of senior manager, technology. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for tax compliance and consulting to a diverse base of flow-through clients in the Real-Estate, Crypto Currency, Venture Capital, Private Equity and/or Wine Industry.

Please consider my experience and qualifications for this position:

- Experience with dimensional modelling techniques and creation of logical data models (entity relationship modelling, Erwin diagrams, star schema)
- Experience working with relational databases such as Oracle, Teradata
- Experience with advanced analytics and visualization tools
- Experience in using Hadoop tools such as Cloudera or Horton works
- Experience in using unstructured data to generate insights by using tools such as Python
- Understands implications of data quality issues and possible remedies, tools, and approaches
- Proficiency in basic PC applications (Excel, Word, PowerPoint,) with a general understanding of data analysis techniques
- Preferably Saudi national or Transferable Iqama holder

Thank you for considering me to become a member of your team.

Sincerely,

Dylan Johnston
