

Systems Analyst Cover Letter

54783 Rice Hill East Providenciaside, MO 36396

Dear Campbell Greenholt,

I am excited to be applying for the position of systems analyst. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for communication to associates and management team through rounding, huddles, staff meetings and other forms of communication to relay updates regarding department updates, organizational activities, financial performance, educational opportunities, interdepartmental activities and QI activities.

Please consider my qualifications and experience:

- CA Agile Central (formerly known as Rally)
- HP ALM Defect Tracking (system testing)
- SoapUI (web service testing)
- WebEx (teleconferencing)
- Disaster recovery experience – Nice to have
- Information Audit and compliance - Nice to have
- Experience with designing web services
- Either a Bachelor's in Informatics, Computer Science, or a related academic field and / or commensurate work experience

Thank you for considering me to become a member of your team.

Sincerely,

Emery Kuphal
