Dear Ari Rogahn,

I am excited to be applying for the position of UX architect. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for an online portfolio that exhibits detailed design thinking and problem-solving in regards to the overall user experience.

Please consider my qualifications and experience:

- Awareness/evolution of brand knowledge/standards
- Maintains strong knowledge of user centered design principles, visual design, user behavior and interactions
- Strong communication and persuasive storytelling to gain buy in from relevant stakeholders
- Strong knowledge of market research & test methods
- Maintains strong business knowledge including competitors
- Strong knowledge of standard tools like Adobe Creative Cloud, Sketch, InVision, Balsamic
- Familiarity with database technologies and software design tools
- Familiarity with industry platform level guidelines for mobile and web

Thank you for your time and consideration.

Sincerely,

Blake Gusikowski
