

UX Architect Cover Letter

47430 Rodrigo SummitReginiachester, VA 04777-9905

Dear Sam Smitham,

In response to your job posting for UX architect, I am including this letter and my resume for your review.

Previously, I was responsible for guidance and technical expertise for all user experience activities including user research and testing, interactive design, and regulatory compliance for usability practices.

Please consider my experience and qualifications for this position:

- Experience of recent prototyping tools
- Adhere to information architecture standards and methodologies to strengthen the sharing of content across multiple platforms
- Overall UX strategy and design for one of our product areas
- Proficient using Microsoft Visio for wireframing
- Proficient with setting up, installing and configuring computer hardware and software
- Experience providing creative sketches or mock-ups in InDesign, Photoshop, Illustrator or similar tool
- Diligence to stay current on UX research and design practices
- Familiarity with native UI guidelines and responsive web design best practices

Thank you for your time and consideration.

Sincerely,

Lennox Nitzsche
