

3D Engineer Cover Letter

3076 Arleen Streets
New Elishaborough, WI 10836

Dear Zion Bartell,

I would like to submit my application for the 3D engineer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for systems interface management to include engineering, integration, and test support in overseeing internal and external enterprise systems engineering.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Reverse engineer existing 2D AutoCAD data to generate 3D models in SolidWorks
- Have some familiarity in Machining or Programing (CAM)
- Self-motivated, can work alone or in a team
- Experienced in web technologies
- EmberJS, AngularJS, ASP.NET, MVC, REST, JQUERY
- Have designed and implemented RESTful web-services
- Practical development with tech stacks such as Azure, ASP.NET, Spring, web services
- Practical development with tech stacks such as Azure or competing cloud platforms, ASP.NET, Spring

Thank you for your time and consideration.

Sincerely,

Stevie Adams
