ABAP Developer Cover Letter

8477 Glenn StreetNew Elinor, AL 44962-7174

Dear Peyton Funk,

I am excited to be applying for the position of ABAP developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical code config leadership across SAP modules such as FICO, MM, HR, PP, etc.

My experience is an excellent fit for the list of requirements in this job:

- Development and monitoring experience with web services integration scenarios
- Knowledge and experience working with XML transformations
- Functional experience in RM (Records Management)/TRM(Treasury and Risk Management), SD, FI, HR, PP, BI
- ABAP certification
- Definition of oData services through SAP Gateway
- Experience in other SAP solutions such as Fiori or Screen Personas
- Experience with SAP Screen Personas Development
- Ideally Screen Personas 3.0

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Jordan Walter
