

# AC Technician Cover Letter

7490 Conchita PortsNorth Daniloshire, NC 14748-6528

**Dear River Raynor,**

I submit this application to express my sincere interest in the AC technician position.

In my previous role, I was responsible for technical support to Air Force customers on operations and maintenance of assigned communications/surveillance equipment.

Please consider my qualifications and experience:

- Experience with US Navy 3-M material and maintenance processes or equivalents preferred
- Knowledge of maintenance, quality assurance, and logistics support systems, procedures, and documents experience preferred
- Possess and maintain valid EPA universal refrigerant handling card
- Experience with equipment to include cold food counters, ice dispensers, ice cream freezer, walk-in thaw box and walk-in chill box
- Maintain and repair any Air Conditioning / Heating equipment
- Be a team player within the Engineering Team and wider hotel to ensure a seamless guest experience
- Be open to working various shifts and supporting in aspects beyond the immediate trade
- Previous experience as an AC Technician within a Hotel environment

**Thank you for considering me to become a member of your team.**

Sincerely,

Briar Kreiger
