

# Access Control Specialist Cover Letter

5716 Runolfsson VillagePort Ireneville, WV 07178

**Dear Jordan Reynolds,**

I submit this application to express my sincere interest in the access control specialist position.

In my previous role, I was responsible for end to end management and understanding of all Business system role-based reviews and access control governance for Bank technology and Business Units.

Please consider my experience and qualifications for this position:

- Networking and/or database management experience preferred
- Working knowledge and strong aptitude with physical security systems, and certification in SoftwareHouse C-Cure 9000
- Working knowledge of smart cards and biometrics
- Working knowledge of digital certificates, public key infrastructure and transport layer security desirable
- Working knowledge of networking, personal computers, Windows® operating systems, MS Office, and internet protocol
- Working knowledge of cybersecurity and network security best practices
- Familiarity with access control systems and software (CCURE 800, Tyco EntraPass Web, Brivo)
- The Access Control Coordinator II participates in projects and works directly with business units to provide requirements on the implementation of access controls and administration procedures

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Gray Leuschke
