

# Account Director Cover Letter

1396 Ziemann ValleyLake Marianofort, WV 66860

**Dear Onyx Mertz,**

Please consider me for the account director opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for the medical and scientific expertise in assessing and interpreting clinical studies and data as well as additional external medical and scientific information which can be translated and used in commercialization activities including development of clinical claims, advertising claims, promotional claims and new product opportunities to support the company's objectives;

Please consider my experience and qualifications for this position:

- Capable of partnering successfully at all levels of an organization and client base to accomplish goals
- Proven quantitative market research knowledge, preferably within the FMCG industry
- Serve as an active member of our architecture review board
- Provide architecture and technical support during production incidents
- Ensure delivered solutions are monitored, have a support plan, and adequate business controls
- Develop, lead and execute on cost avoidance and cost savings initiatives
- Lead account team in delivering strategy and developing new, sustainable relationships with functional business area partners
- Guide team in the development and execution of project plans and timelines to meet project deadlines without exception

**Thank you for considering me to become a member of your team.**

Sincerely,

Rory Treutel
