Dear Quinn Koelpin,

Please consider me for the account sales representative opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for sales forecasts and feasibility planning studies for new products and services.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Visit customers to understand their needs, provide real, practical solutions and deliver exceptional support
- Develop and make presentations of company offerings and services to current and potential customers
- Attend and implement sales calls and manage the process to close sales opportunities with prospective clients
- Attending networking meetings and functions as needed

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Brooklyn Kub
