

Advisory Strategy Cover Letter

3563 Hirthe SpringsAgustinatown, VA 93582

Dear Brooklyn Turcotte,

I submit this application to express my sincere interest in the advisory strategy position.

In my previous role, I was responsible for training and guidance to Sales department, be a subject matter expert for servers, storage, networking or enterprise software to all teams within Dell.

Please consider my experience and qualifications for this position:

- Relevant and commensurate experience working within the investment/ asset management sector (directly, or in a regulatory or advisory role)
- Relevant and commensurate experience working within the capital markets sector (directly, or in a regulatory or advisory role), including an understanding of the capital markets business, and/or good supervisory and policy making skills with a focus on capital markets
- Knowledge of emerging market and regulatory issues for capital markets – International, EU and UK, and subject matter expertise in at least some of the key topics, including MiFID II (trading venues and transparency), market liquidity, prudential rules for investment firms and NBNI systemic importance
- Experience of managing or mentoring more junior staff
- A good understanding of the FinTech sector ecosystem
- Strong presentation and business writing skills, preferably with demonstrable experience in writing commercial thought leadership
- At least 24 months of experience within a strategy consulting firm, or strategy related corporate functions, or as an investment analyst
- Excellent problem solving skills, and understanding of research and modelling methods

Thank you for taking your time to review my application.

Sincerely,
