

Advisory Strategy Cover Letter

3650 Graham View New Cornelius, AL 79901-4342

Dear Morgan Greenholt,

I am excited to be applying for the position of advisory strategy. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for data and insights to identify, communicate and help guide critical business decisions related to the strategy and business development initiatives.

Please consider my qualifications and experience:

- Innovative mindset with a track record of challenging status quo thinking – particularly around the use of data and infusion of technology into an established business
- Ease and enthusiasm around working with numbers and driving insightful analytics
- Excellent skills in writing crisp presentations and synthesized business communications
- Strong leadership capabilities and a demonstrated eagerness to lead and coach teams
- Leading project workstreams and associated staff on complex cyber risk management engagements
- Work closely key stakeholders including regional and franchise & product heads, COO, business management support, Technology & Operations
- Assessment of enterprise-wide risks and threats
- Solid expertise within digital strategy, experience design and consulting to Fortune 500 corporations, with extensive cross industry experience in digital strategy and transformation

I really appreciate you taking the time to review my application for the position of advisory strategy.

Sincerely,
