

Aerodynamics Engineer Cover Letter

96552 Wilburn BranchLavernechester, IN 15135

Dear Blake Klein,

I am excited to be applying for the position of aerodynamics engineer. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for guidance and support for determining regulatory/compliance strategies to meet the requirements of current regulations and customer requirements;.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Working knowledge in Finite Element Analysis (FEA) (Abaqus, Hypermesh preferred)
- Knowledge of mechanical and aerodynamic testing
- Expertise in programming (MATLAB, C), databases, and statistical methods
- Experience with computing clusters and management
- Experience with CAD (Pro/E or Creo desirable)
- Knowledge of the game of golf, golf equipment, and golf instruction
- Experience in industry with exposure to manufacturing processes and outcomes
- Advanced degrees can offset industry experience

Thank you for taking your time to review my application.

Sincerely,

Finley Boyle
