

Agent Manager Cover Letter

3680 Jacob Lights South Tonda, MD 52188

Dear Tyler Hickie,

I am excited to be applying for the position of agent manager. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for financial oversight and management of research requiring expertise in clinical trial billing practices, time and effort reporting and research compliance including CMS regulations associated with cost analysis for billable services and HIPAA obligations.

My experience is an excellent fit for the list of requirements in this job:

- Demonstrates deep supply chain knowledge in the capital equipment commodities
- Demonstrated successful track record in leading projects/programs in complex environments
- Chartered status or approaching
- HND in Civil, Mechanical or Electrical Engineering
- Experience of working within the Water Sector (Desirable)
- Experience running projects as a "number 1" above £10M in value (Desirable)
- Experience in the management of design and construct contracts
- Proven experience from engineering background demonstrating progress through Engineer and Site Agent to Project Manager

I really appreciate you taking the time to review my application for the position of agent manager.

Sincerely,

Briar Trantow
