

Agile Developer Cover Letter

17178 Kuhic LockKarlynberg, CA 41425-3417

Dear Parker Rosenbaum,

I would like to submit my application for the agile developer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for hands-on assistance to ensure security and integrity of application databases including unit testing components and supporting DEV and QA testing.

My experience is an excellent fit for the list of requirements in this job:

- Experience in the financial industry with some host development experience
- Familiarity with Banking applications
- Expertise in the .Net Framework
- Front End - HTML, CSS
- Extreme Programming - Test Drive Development, CI/CD, Pair Programming, Refactoring, Mocking Personality Traits
- Highly Collaborative in working with team members and sharing ideas
- Experience designing/development REST-based web services
- Experience with agile development practices including TDD, CI, and pair programming

I really appreciate you taking the time to review my application for the position of agile developer.

Sincerely,

Shae Muller
